Hello Cecilia Ibarra,

Thank you for reviewing for the 2022 AMA Winter Academic Conference. The AMA and our conference co-chairs appreciate the time and expertise you brought to the review process. With the return to in-person events, we had a high level of submissions, and due to our generous volunteers were able to provide valuable feedback to all submissions.

We would like to let you know that conference registration is now live, and [can be found here](#). We hope to see you in February. Please reply to this email if you have any questions.
